

Year 2 Maths home learning Wednesday 10<sup>th</sup> June 2020

Carry on doing your minute challenge. Are you improving?

Some of the clocks in the activities require you to draw on the hands. If you don't have a printer, you could explain in words where the hands should be.

.eg For half past 4, you could say " The big hand needs to point at the 6 and the little hand needs to be half way between the 4 and the 5."

half past and o'clock
