LO: I can use bar models to develop sense of number/addition /subtraction.

There are _____ (5 or 10) people on the train.
Some people have red hats and some have blue.
What could the parts be?

A horizontal bar chart with a total value of 10. The bar is divided into 3 red segments and 7 blue segments. The red segments represent 3 units, and the blue segments represent 7 units.

Category	Count
Red	3
Blue	7
Total	10
