

## Onomatopoeia words

An onomatopoeia is a word that sounds like the common sound of the object it is describing. We call the 'sound words'.

For example: *crash, bang, pow, zoom!*

They are normally written in capital letters.

Here is a fun video explaining what they are:

You see lots of onomatopoeias in comics or cartoons.

Can you draw a cartoon character or a cartoon and write some 'sound words' to describe what is happening?

For example, your superhero could be running really fast '*zoom*'. Or an elephant could be *crashing* through the trees!

*Extension: can you put those sound words into 3 sentences?*

We can't wait to see your cartoon on classdojo!
