

Watch Mrs Poate's video about how to do this.

Science session 1 -

Scientific Enquiry: Recording and Performing simple tests

You want your bridge to be as strong as possible, which materials will you use?
Investigate materials and record them according to their strength (Tick if it holds and cross if it breaks.)

	<i>Describe the material</i>	<i>Half Brick</i>	<i>Whole brick</i>	<i>Did the material bend, twist, squash or stretch?</i>
<i>tin foil</i>				
<i>wood</i>				
<i>paper</i>				
<i>cling film</i>				
<i>black bag</i>				
<i>fabric</i>				
<i>Cardboard</i>				
<i>plastic</i>
