

Monday 11th May & Tuesday 12th May

This week we are excited to be focusing on the story 'The Magic Balloon' by Oakley Graham, illustrated by Dan Crisp. You can listen to the story here <https://www.youtube.com/watch?v=db9ufzQA47U> or on Whole School Story on ClassDojo. This week's Literacy will link in with your Geography work.

In the story, you are introduced to a boy called Will, who is an inventor. He lives in the city of Montreal. Montreal is a city in a country called Canada.

At home, have a look on a map in an Atlas or on the computer and see if you can find Canada. See if you can zoom in on Montreal. Where is Canada in relation to England? Is it close to us or far away? Have a look at the Reading task for today and tomorrow. It will support your writing and give you lots of information about Canada.

Find out some facts about **Canada** and present them any way you like. Here are some ideas:

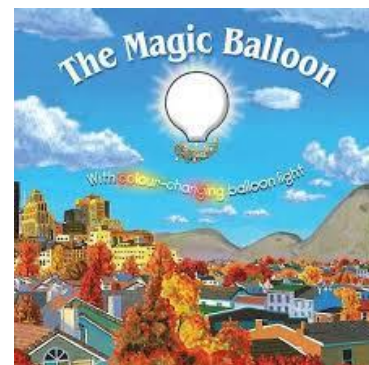

-draw/paint a landscape in Canada and display facts in your painting

-use junk modelling to create a model of Canada & label it with facts.

-create a poster of facts

-Create a presentation to present to your audience and get an adult to video you

-Create a powerpoint with facts

As this is a bigger task, this will be Tuesday's Literacy work too.

Phonics

Daily phonics – Have a go at the phonic games below on this website

<https://www.phonicsbloom.com/>

Spelling

This week we will be focussing on some spellings that you might need to link to our geography topic.

Monday	Tuesday
ocean	city
country	language
Montreal	London
Canada	Quebec
Maple leaf	capital

Wednesday – Friday spellings
will be on
using –er and –est suffixes.
