

Hello parents,

This week the children we are looking at weather and our focus today is rainbows. Your child will need your help to read the poem and you can then ask them a couple of the questions.

Listen to the rainbow song and see if you can join in with the words.

<https://www.youtube.com/watch?v=tRNy2i75tCc>

Sound out the first letter of each colour together, then read the word.

Read the poem below together with your child then talk about the questions below.

Rainbow, rainbow, where did you go?
Made of sun and rain, and 7 colours that I know.

Rainbow, rainbow, your red is so bright,
Orange is like a sunset, what a pretty sight!

Your yellow is so happy, like daffodils in Spring,
Green is for the Summer grass and joy that it can bring.

Blue is for the ocean and for the clear blue sky,
Purple is for pretty flowers, growing up so high,

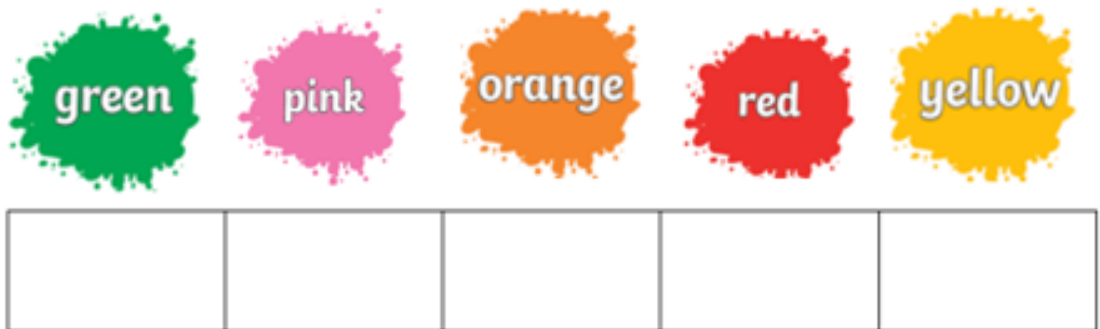

Pink is for the roses, around each cottage door,
But also for the piglets rolling on the floor.

Rainbow, rainbow where did you go?
Made of sun and rain, and 7 colours that I know.

By Mrs T Johnston

1. What was the orange like?
2. What was green for?
3. What were the flowers doing?
4. What were the piglets doing?
5. How many colours are there in a rainbow?

Sound out the words below, cut them out (if you can print- otherwise just talk about it) and stick them under the correct colour.

pig	sun	frog	goldfish	cherry
-----	-----	------	----------	--------

Phonics

Have a look at the following website to practise phonics with your child. Start with phase 2 and work towards phase 3 and 4. The dragons den is very good for sorting real and fake words!

Home reading

Have a look at the Oxford Owl website. www.oxfordowl.co.uk

You will need to register and log in. There are lots of free e-books and you can choose a book at the same colour level as your child's home reading book to read with your child.
