

Year 1 maths Home learning Monday 1/6/2020

Hello parents,

This week the children will learn a variety of maths skills based all around rainbows.

Choose the level of challenge which fits your child . The one chilli challenges are the easiest the three chilli challenges are the hardest. Ask them to write their answers and their jottings in their book. Once your child has completed the activity, encourage them to play on Mathletics.

Count in 1s forwards and backwards to 20

Count forward in 10s to 100.

Count forward in 2s to 10

Activity - Tell me all about the number 7

e.g This is what I could write for number 5

Count forwards and backwards in 1s to 100

Count forwards and backwards in 10s to 100

Count forwards in 2 to 20

Activity - tell me all about the number 14.

Look at the example for the number 5, but tell me about the tens and the units of 14 too.

Count forwards and backwards in 1s to 100

Count forwards and backwards in 10s to 100

Count forwards and backwards in 2s to 20

Count forwards in 5s to 100

Activity - tell me all about the number 42.

Look at the example for the number 5, but tell me about the tens and the units of 42 too. Think about how you could partition it in different ways e.g $40+2=42$, $30+12=42$ etc.

Extra challenge, How many rainbows would it take to make 42 colours if each rainbow has 7 colours?

For fun colour in the rainbow. If you don't have access to a printer, I hope this is an easy picture for parents to copy. How many colours are in a rainbow? Can you add this to your facts.

Color by number rainbow.

1- white
2- red
3- orange
4- yellow

5- green
6- blue
7- indigo
8- violet
