

Ideas for number games and activities in the holidays

- I spy “numbers” or “shapes” in the home, at the shops, on the road.
 - Counting games. Count on from any number.
 - What’s the time Mr Wolf?
 - Measuring activities
 - When baking, weigh ingredients in grams.
 - Measuring liquid, is the jug empty, full, half full?
 - Measuring the progress of a plant growing in cm or in lego blocks
 - Sing any songs which include numbers
 - Ten green bottle
 - Ten fat sausages
 - 5 little men in a flying saucer
 - Alice the Camel
 - Count in 2’s as shoes or socks are tidied away.
 - Estimating games. E.G. How many lego blocks are in your model?
 - Play shops. Adding real coins and working out the change to give.
-
