

Hello Grange Infant School children and parents from Year R

This week we have the theme of

"Me and my Community"

This week we will think about people outside of your family who help you and are kind to you. We will also think about our own responsibilities to be kind, polite and helpful to people in our communities even if they are different to you.

Your first activity is to make a list of all the people you meet out in your community.

Here is the start of a list ;

My neighbours

My teacher

My teaching assistant

My friend Billy

My friend Joe

The lady in the shop

....I'm sure you can think of lots more.

When you have made your list think about how they are kind to you and how you are kind to them.
