

Hello Grange Infant School children and parents from Year 2

This week, we have the theme of **"The Great Fire of London"**

This history topic was an extremely popular one with Year 2s in the past, so we thought you would like to learn about it too. This will be different to your brothers and sisters learning in Year R and Year 1.

Your reading, writing and maths will be based on this theme but you will have the chance to use your history and IT skills too.

The reading and comprehension activity is a great place to start because it directs you to 2 videos which tell you the story.

Then, have a play on this online game. <http://www.fireoflondon.org.uk/game/>

If this topic, interests you, you could do some further research on the internet. Please remember how to keep yourself safe online. It's always a good idea to add "...for kids" to any google search as it will take you to websites that are right for you.
