

I am a Scientist

Key ideas

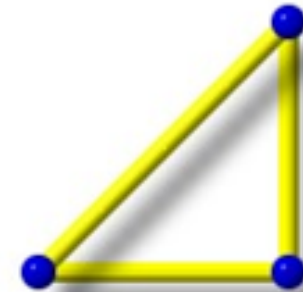

Pushing and pulling can make things move faster or slower  
 Pushing and pulling can make things move or stop.  
 Things can move in different ways.

Teacher initials

The car has run out of petrol! Which ramp will make the car go the furthest so it can get home?

Tick underneath the one you think will help it go furthest.

When you have tested them, tick the one that did make it go furthest.

Conclusion- Why was this the best ramp?
